Dear Mr. Ashby,

Many thanks for your letter enclosing the cutting from Picture Post. This is very interesting; and I shall hope that the inquirer who asked "Where are the writers of the Gem and Magnet?" will learn ~~that~~ that Frank Richards and Martin Clifford are still on the active list. I ought really to keep my eyes open for spots of interest like this in the Press: but now that 30,000 words a week are rolling off the machine, Frank Richards does not have much time for reading newspapers. So that makes it all the more agreeable when some kind old reader sends me such cuttings.

Yes, I had your reply: the P.M.G. seems now to be playing up in quite a satisfactory manner.

Once more thanks, and with kind regards,

Yours sincerely,

Frank Richards
